|------------------|--|
| Name | |
| Property Address | |

I/we am/are the owner(s) of the above property, or have been specifically authorised by the owner of the property, and hereby authorise Opticomm Co Pty Ltd to proceed with installation of an ONT, enclosure and power supply to the property for the purposes of connecting to Opticomm's fibre optic network. I/We have confirmed with the builder that the premises has been correctly prepared in accordance with Opticomm's Preparation and Installation Guide <https://www.opticomm.com.au/support/resources/>

Correct preparation includes, but is not limited to:

- Rigid white P23 telecommunications conduits installed with a maximum 3 x 90degree sweep bends
- Conduits installed complying with all bend radius guidelines and are installed at the correct depth
- Conduits installed being undamaged, free of blockages and containing draw strings
- Conduits installed complying with clearances of gas, electricity, water and downpipes
- External conduit installed is connected to the Opticomm starter pipe at the property boundary
- A power point (GPO) to be provided within 1500mm of the location of the ONT.

I/We agree that should the premises be incorrectly prepared and not meet published requirements, a Failed Installation Fee of \$97 (incl GST) will be charged by Opticomm to recover additional costs incurred.

Signed: _____

Date: _____

Contact Phone: _____

Please note: In the event of a failed install due to customer premises not being accessible by the technician, you will be required to pay the failed installation fee, then rebook a new appointment for the installation to be completed.

¹ Free to air and Foxtel Pay TV services delivered over fibre may not be available in every estate. Please check with your developer or Opticomm to confirm availability of TV services delivered over fibre in your area.
